Women for Women's 2026 – A Message from Our Co-Chairs

Welcome to Women for Women's 2026. As your co-chairs, we are pleased to celebrate the 15th anniversary of this event alongside such an engaged and committed community. Bringing together women who care deeply about advancing women's health continues to be both meaningful and inspiring to us.

We believe strongly in the mission of Women for Women's and in the work of Women's College Hospital Foundation. **When women are supported to live healthier, fuller lives, the benefits extend far beyond the individual.** Women for Women's contributes to this progress by supporting innovation and advancing care in women's health, and as long-time supporters, we were proud to step into leadership roles this year.

What makes Women for Women's special is the community it creates. The event offers an opportunity to reconnect, build new relationships and **engage in meaningful conversations, particularly around menopause and women's cancers, areas that remain under-recognized and under-researched.** We hope everyone leaves feeling informed, inspired and energized.

We are grateful to the supporters who have sustained this event for the past 15 years and to those joining the community this year. **Your support makes this event possible and helps move women's health forward.**

Thank you for being part of Women for Women's 2026.
